

Safety Warnings: **ADULT SET UP REQUIRED**

Falls on hard surfaces can result in serious injury. NEVER set up on concrete or hard surfaces.

- Set up on grass or soft areas. Be sure area is free of rocks and debris.
- Set up on level ground.
- Unroll bounce house and connect blower to outlet without twisting tube.
- Never use blower in wet conditions. Discontinue blower use if wet, and dry before continuing use. Be sure electrical outlet is safe.
- Blower will run continuously while product is in use. It is intended for air to escape out of seams and fabric when blower is on.
- Keep children away from blower while in use.
- Close 2nd blower port before use. Untie this port to help deflating.

Check product anchorage during use and re-secure if needed.

Stake down securely at ALL TIMES. Discontinue use in windy or extreme weather.

See warnings on electrical blower.
